Dog Control Tax For L.G.?

SAN DIEGO (CNS)—Investigation of reports of dogs running unleashed in large numbers in the Lemon Grove area was ordered Tuesday by the County Board of Supervisors.

The complaint to the county was made by Mrs. Kenneth Boes. She also complained of a reported tax to finance the control of dogs during this period of concern over rabies.

Bert McLees, county counsel, said that Mrs. Boes would be informed that there is no proposal to place a tax on all property owners to enforce dog control laws.

The Board then ordered Dr. E. R. Quortrup, livestock department director, to investigate the complaint of unleashed dogs.

COUNTY GETS $1,390 DINER'S CLUB BILL

SAN DIEGO (CNS) — The county this week got stuck for a Diner's Club bill for $1,390, and nobody in county service or who can help the county got even a free meal out of it.

Bert McLees, county counsel, told the Board of Supervisors that the sheriff's office had an attachment against the bank account of a man "who had a lot of bills" in San Diego. Among these was one for $1,390 from the Diners' Club, but the bank account was released without taking care of this bill, so the county must stand good, McLees said. But all but $100 will be paid by insurance.

'MAN WHO CAME TO DINNER' MASSAGES HOST WITH SKILLET

William Edward Mackley, 9595 Olive st., L.G. who invited Ralph Martin McCleary, 3494 Main st., L.G. to dinner Wednesday claims McCleary ought not to have bit the hand that fed him.

Both men fell asleep after dining extremely well. Mackley awoke to find McCleary in his bed. Attempting to eject him, pal McCleary beat him over the head with an electric skillet claims Mackley. Missing is $20 and credit cards from Mackley's wallet.

Records show that McCleary is out on bail awaiting trial this week in El Cajon on a battery charge brought by his wife, the weapon then being a telephone with a Hopkins prefix.

Girl's Best Friend

Mrs. Jan Schooley, a barmaid at the Rodeo Room in L.G. was showing her diamond ring which she said was worth $261.75 to a beer-drinking patron. The patron, a man who gave his name as Jack Golden, offered to have the ring appraised. When he did not return another "friend" of Mrs. Schooley's went on a search for the man and the ring. The trail led to Garden Spot market where a manager identified only as "Chubby" was in possession of the valuable. He told Mrs. Schooley later that he had loaned Golden $50 on the ring and he intended keeping it until Golden redeemed it.

Truck Taken By Patron

Thomas William Graham, 23, bar manager of Cum Inn cafe, 8921 Jamacha rd., S.V. reported the theft of his truck, naming a patron, Robert Goins, 9042 Harness st., S.V. as the culprit.

Goins, according to two witnesses, was refused more drink due to his condition Friday so he drove off in Graham's vehicle. Goins was found parked in a shopping center parking lot in the missing truck.

Goins is previously charged with burglary of tools from a garage at 843 Concepcion st., S.V., the property of Gary A. Baumgartner, a fence installer.

Baumgartner, an acquaintance of Goins, is also seeking the whereabouts of $251 he said was missing from his wallet soon after Goins visited the Concepcion st. address.

Navigational Error

They went too far when they started taking butter as well as ice cream, strewing the stuff along the street. A search for the culprits has begun.

The DIMMER VIEW

Advertisers Censor Television?

Just when television had begun to recover from Newton Minow's charge that it presented to the viewing public a "vast wastland" it started proving for itself that which Minnow was inferentially saying . . . that tv lacks guts and good sense.

Minow, you must know by now heads the Federal Communications Commission and his words carry weight with the lads who operate tv stations and who depend upon the use of the citizens'-owned airspace to hawk old movies and dull shows to advertisers and use these unhappy commodities to force viewers to lay to the rape of hucksters who would have every man, woman and child drinking liquids to cure acid stomach . . . whether they have an acid stomach or not.

This is the preface to three major advertisers announcing that they would part company with the American Broadcasting Co., for substituting the opinions of Alger Hiss, the convicted perjurer for a less controversial program . . . perhaps an early Shirley Temple picture. I must confess that I saw Miss Temple the other night as a five-year-old charmer who was ordering some colored people about in a generation-old picture that would have brought U.S. Marshals in to aid Mr. Minnow if the film had been shown after the Mississippi campus soiree.

But this is window dressing for the major complaint. ABC could have shown maturity sadly lacking among the video boys if it had said to the razor blade advertiser, the insurance firm and the Hawaiian punch manufacturer all of whom wanted to cancel their advertising: "all right, get the h--- off our chain. We admit we used poor judgment is putting Hiss on the air but we are not about to be censored by advertisers!" That would have been a newspaper publishers' point of view.

Such a position would not have lessened the stupidity of airing the show but it would have given back to television and their gutless advertisers some of the stature the whole shebang lost in the unhappy decisionn to show it in the first instance.

Such antics, dear Shirley Temple viewers, explain why newspapers will remain the champion of the people while tv will be but the entertainment medium it is destined to be.

Monte Vista, Helix Bands Win Glory At Huntington Beach

The bands of Monte Vista and Helix high schools came out on top in competition with 5(Southern California high schoo and college bands at Hunting ton Beach's Santa Claus Parade last Friday night.

The wins were unusual be cause Monte Vista is one of the smallest high schools in South ern California with a student population of 950. And Helix was competing for the first time in six years. The Monarch band under Larry Curtis took the Sweepstakes Trophy. The Helix group under Charles Yates got the second highest number of points in general and come in first in Division E (large high schools).

Curtis, who has been fighting the fact that his school is sc small compared to some of the giants entered in the Hunting ton Beach competition, was amazed. He immediately gave credit to his hard-working stu dents. Over at Helix High peo ple had been complaining lately that the school was coming out on the short end uniform-wise and the Grossmont High School District just got through allot ing funds for new uniforms.

Yates felt that splendid co operation of the administration plus parental support plus "darned good" band directors are factors making for the number of wins the local high school bands are bringing home.

ONE WINS, ANOTHER LOSES WITH PLANNERS

SAN DIEGO (CNS) — A zoning variance sought to create a building site out of a piece of land smaller than the zoning allows was denied a Lemon Grove property Friday by the County Planning Commission, after neighbors protested.

The applicant was Alfred F. Fernandes, for a parcel of land at 3640 Saddle Dr. He asked for a variance for a lot with an area of 9,682 square feet, where the zoning requires 10,000 square feet, which he wanted to cut off a larger lot.

The commission committee which studied the site recommended approval, but opposition was voiced by W.C. Bryant, Mrs. H. E. Webster and J. D. Forbes. Mrs. Francis Miller was present to protest, but did not speak.

Another Lemon Grove property owner, Carl M. Hilchrist, was more fortunate.

The commission granted Gilchrist permission to put up a fence eight feet high at 6807 Rosefield dr., where the zoning limits fences to six feet.

'Lemon-Aid' Fund Tops $160

Lemon To Be Moved Nearer Broadway—By Christmas?

The Lemon Grove landmark lemon will be moved as it has its face lifted, Larry Folda, L.G. chamber of commerce "lemon-aid" chairman said this week.

It will be moved by truck and hoist from its moorings at Imperial-Main and Golden to a site inside the crosswalk at Broadway, Imperial and Main. Decision to move it was held up until the S.D. and Arizona Eastern R.R., on whose right of way the lemon is situated, concurred.

The project was undertaken by the chamber after Mrs. Loeta Saville, a Lemon Grove property owner and a former resident here, read about the spontaneous fund developed by readers of this newspaper. Although she lives in S.D. presently, she asked Chamber President Bob Vaught for permission to gather funds for refurbishing the lemon.

Mrs. Saville, who at one time played organ for the St. John of the Cross Catholic church here said that response was enthusiastic. "Community interest is extremely high," she said. "People are glad to give to make the landmark more attractive. It is amazing how much pride there is in Lemon Grove."

Mrs. Saville has collected $101.02 this week. Last week she collected $60.35 to bring the total to $161.37. Some of her collections came to this newspaper by mail.

The Gourds of S.V. sent in 40c. They wrote:

NEW SOUTH S.V. LIBRARY WAS NOT BORN WITHOUT WORK

Like anything else good that happens in a community, the coming into reality of the south Spring Valley Library located at Thriftimart Shopping Center was envisioned years ago and a lot of fundamental work was done on it, according to Mrs. Sue Peverly, a S. V. Estates resident until recently.

She said that the PTA of Avondale Elementary spearheaded the campaign for a library starting about three years ago. Several people not in the PTA and a couple of Avondale faculty members helped out too.

Where Credit Is Due

Among those who should receive credit for bringing the library into being are Mrs. Barbara Jordan, Don Barnes, Mrs. Elaine Horowitz, Mrs. George Murch, Mrs. Harvey Armstrong, Mrs. Fran Matthews, Mrs. Beth McQuire, Goldie Ford, Bob Lankard and Avondale teachers Frank Mosher and Clyde Morton.

"One of the first things that was done was petitioning, Mrs. Peverly said. Her group managed to present to the county board of supervisors petitions containing almost 300 signatures of people.

"Mrs. Peverly got involved, she pointed out, because she was made library chairman of the PTA. The petitions didn't bring the library right away but Mrs. Peverly believes they brought the need to attention.

People In Favor

Into the picture came the Bollenbacher and Kelton Co., developers of S. V. Estates. In the first part of 1962, B & K worked with the PTA in sending out questionnaires to area residents to gauge how they felt about a library, indicating that there would be a slight rise in taxes. Some nine-tenths of the people getting questionnaires were in favor.

B & K got interested in the library project after Mrs. Peverly, representing the PTA, wrote to the firm.

Sue became so interested in PTA work that she got involved in other community doings like the backyard swim program and Girl Scouts. Her attendance at the recent opening of the new library was a sentimental occasion for her as well as for Mrs. Grace Williams who is librarian at the new branch and who had been librarian for years at the now vacated Troy st. branch.

Mrs. Peverly's husband has worked with Boy Scouts in Spring Valley. The whole family is well-known here.

When they moved to Norco, California on Dec. 8, they left many friends who hope that they return to live in S.V. someday soon.

The newly-dedicated Casa de Oro library must have a story behind it also. All nice things that happen to the community do.

LA MESA WRITERS PLAN CHRISTMAS TEA

The La Mesa Writers Club will hold their December meeting on Dec. 17 at 2 p.m. at the home of Mrs. Mary Murphy, 4639 Toni ln., San Diego (near 70th st.). The meeting will be held as a Christmas tea and special guests, who will attend from 3 to 4:30 p.m. will be students from Mrs. Edith Boutwell's adult creative writing class, who meet in Porter Park hall, La Mesa.

Woman's Group Holds First Christmas Party

Mrs. Wilma Walker, president of the Evening Division of the Spring Valley Woman's Club, is inviting all members to the group's first Christmas party at her home at 3333 Helix st., S.V.

It will be at 7:30 p.m. Dec. 19.

The group will also help the Woman's club distribute decorated boxes made by evening club members to rest homes in the vicinity.

The evening club meets the 1st and 3rd Wednesdays at 7:30 at the Pals and Gals clubhouse on Troy st., S.V.

Easements Bought For S.V. Sewer Outfall

SAN DIEGO (CNS) — Payments on seven easements for the outfall sewer being built in Sweetwater Valley for the Spring Valley Sanitation District were authorized Tuesday by the County Board of Supervisors.

The largest payment goes to the Estate of Albert Bram, which will receive $1,536 for its easement. Five of the other easements are being acquired from California Water and Telephone Co., and the seventh easement is being purchased from John D. and Florence K. McCausland.

Sabin Inoculations Total 30,854 Type II For L.G.-S.V. Clinics

San Diego County resident sipped Sabin II vaccine Sunday at the rate of 43,468 doses each hour for a total of 304,274 drinks. 30,854 doses were drunk in the L.G.-S.V. area.

This was the largest turnout during the four SOS Sundays, exceeding the next highest total on Oct. 28 by 15,943.

Comparing Sabin I turn-out on Oct. 21 and 28 with Sabin II turn-out on Dec. 2 and 9, local clinics registered these totals:

	Sabin I	Sabin II
Casa de Oro	5343	4,860
Avondale	6,362	6,356
S.V. Elementary	5,261	4,905
L.G. Jr. High	9,579	9,560
San Miguel	5,259	5,173

Dr. John A. Bishop, M.D., chairman of the SOS program, said 60 percent of the county civilian population is now immunized against Types I and II polio.

"This is somewhat short of our original goal, but we are pleased to have such a large number of residents now protected with Sabin vaccine," said Dr. Bishop, adding that San Diego county's total is one of the highest percentages among the southern California counties.

There are many residents who took just Type I or Type II. Dr. Bishop said these people should arrange to get the other type from their family physicians.

Plans for Type III will be announced later by the Medical Society and the Department of Public health when the third type has been approved for use.

Others attending the luncheon were (l to r front) Mmes. Hazel Forqueran, Charles Barnett, Loretta Druin and Esther Farmer; (l to r second row) Mmes. Overweight Women Get Lighter In 'Slimmeritas'

The world of fat people is being reduced by a growing national organization called TOPS —Taking Weight Off Sensibly

There are at least two chapters of this effective club in the Lemon Grove-Spring Valley area. People like TOPS because the club doesn't go for what they feel are silly ways of reducing weight like electrical devices and food fads.

One of the local chapters calls itself Slimmeritas (a combining of the words slimmer, senora and senoritas) and the 20 members collectively lost 263½ pounds during the first three quarters of 1962.

Doctors Are "The Doctor"

Members first go to a doctor who tells them what they should weigh and how to diet. A requirement to belong to the club is that everything is done under doctors' orders. This has brought a great deal of general help from the medical profession. For example, another local TOPS chapter uses the Lemon Grove Medical Center as a meeting spot.

The weight a doctor advises for a fat person becomes the person's goal. One woman in Slimmeritas has lost 60 pounds and still hasn't gained the title of KOP, Keeping pounds Off. Even after attaining the right weight, a member must not gain for three months before receiving the title. For this period a member is called a KOP-in waiting.

Wins Titles

On Nov. 27 the Slimmeritas had one of their low-calorie dinners. Each dinner is given for a purpose and this one was to honor Mrs. Irene Seol of La Mesa who was officially graduated from KOP-in waiting to KOP. Helping honor her was the lady who has lost 60 pounds but still has "weight to go," and other ladies who are 20, 30, 40 and 50 pounds nearer to their ideal weight than when they joined the club.

On Nov. 6. Mrs. Jewel Duley of Slimmeritas won the title "Angel of the Month" for losing the most—9½ pounds—in October.

On Nov. 13 the Slimmeritas Chapter of TOPS was one year old. The club held a low-calorie anniversary luncheon at which they honored Mrs. Frances Smith, one of the six charter members.

The club cordially invites new members, according to the present leader, Mrs. Fern Clark (HO9-3326) and leader - elect Mrs. Thelma Arnst (HO3-2028). The meeting place is the recreation hall of the Leewood Trailer Court, 7150 Broadway at 9:30 a.m. Tuesdays.

S.V. ATHLETE LOSES LIFE NEAR CALEXICO

An Explorer Scout campout Saturday ended in tragedy when one of the boys, F. David Hale, 17, drowned in an irrigation canal, about ten miles west of Calexico, in Imperial Valley.

S.V. Explorer Post, with Howard Takahashi Sr. as advisor and five other fathers, went to the Valley Friday for the weekend. Young Hale, son of Mr. and Mrs. Frank Hale of 1915 Avon ln., Spring Valley, was not accompanied by his father, an active Scouter.

Hale said his son was alone on a camper's raft which capsized in a whirlpool, throwing the boy into the water. One of his close friends, Howard (Butch) Takahashi Jr. nearly lost his life diving into the water to help find Hale. The boy was found three hours later by an Imperial Valley deputy sheriff, Robert J. Gillis. The flow of water in the canal was cut off in order to find the boy. He was in ten feet of water.

Abrasion On Forehead

An abrasion on the boy's forehead indicated that he might have been knocked unconscious before drowning, the coroner reported.

Hale, who went through the S.V. elementary and junior high schools was a senior at Mt. Miguel and had planned to go to U.S.C. He was a member of the Mt. Miguel football team and the wrestling team, and had several awards. He was also an active member of the Bancroft Baptist church where he was president of the Young People's Training Union and a past-president of the Young People's Sunday School Dept.

He had realized the dream of every Boy Scout, to become a member of the Order of the Arrow, an exclusive Scout organization. He was also slated to receive the Eagle Scout award. This award he will be given posthumously, according to the Rev. Lewis Ginn, pastor of Bancroft Baptist church.

Funeral Wednesday

Monday, a memorial flag ceremony was given in honor of young Hale. Funeral services were held for him on Wednesday at the Bancroft Baptist Church, with interment in Ft. Rosecrans National Cemetery. Mr. Ginn officiated and Conrad Mortuary, Lemon Grove, was in charge. Approximately 500 persons attended the services, many of them David's classmates. Pall bearers were Steve Ellis, Steve Lawrence, Tony Perkins, Gary Sweitzer. Jay Crow and Richard Stewart. Explorers of Post 7 acted as ushers. Post 47 is sponsored by the S.V. Friends Community Church.

Hale is survived by his parents; a brother, George; his paternal grandfather, George Hale Sr., or Ala.; and his maternal grandparents, Mr. and Mrs. T.D. Baxter, also of Ala.

A memorial fund has been set up for David Hale, for Christian causes of the Sunnycrest Children's Home at Bakersfield, Calif. Persons caring to contribute to the fund may phone Mrs. Verne Fuson, 466-9508, or stop by 9182 Valencia dr., Spring Valley.

The 32 teams competing make this year's four-day tourney the largest in the 16-year history of the local round-robbin prep school classic.

Teams will compete in two divisions, with the 16 teams representing larger schools meeting in the Unlimited Division, and the remaining squads from smaller schools vying for Limited Division honors. A consolation play off is scheduled for first round losers. The tournament is sanctioned by the San Diego Section of the SCIF.

Matadors Play Dec. 19

In their Dec. 19. tourney opener, the Mt. Miguel Matadors, playing in the Unlimited Division class meet the Lincoln High Hornets. The Mt. Miguel-Lincoln game is set for 3:15 p.m., in the Lincoln gym, at 140 S. 49th St., in San Diego. Monte Vista's Monarchs tangle with the Coronado High Islanders in their Limited Division opening game. Monte Vista's initial game is scheduled for 3:15 p.m., in the Helix High gym, at 7323 University Ave., in La Mesa.

Coach Bill Gillespie announced that the Monarch's tournament squad will include Buddy Edwards, George Gray, Ron Hammett, Don Hanchett, Paul Landis, Jon Majors, John Marsteller, Ken McKillip, Dave Morgan, Jim Raines, Dan Roberson, Dan Smith, and Nick Tingle.

The Matador's tournament team, according to Coach Dick Ridgway, will consist of Doug Ashley, Jim Canaris, Luther Clark, Steve Frank, Dick Jacobs, Ron Lee, Bob Lochhead, Ben Martin, Larry McCollister, Mike O'Hare, Ron Schwab, Dick Stewart, and Dick Tuftland.

Finals Dec. 22

Preliminary games will be held in nine high school gyms throughout the San Diego area. Tournament finals for both divisions will take place in Peterson Gym, at San Diego State College, on Saturday, Dec. 22. Following the finals, basketball fans will see the Kiwanis-sponsored game in which Iowa State University meets San Diego State's Aztecs. Awards will be presented to high school tourney winners between halves of the college game.

This year's Kiwanis Basketball Tournament is the eleventh in the event's 16-year history to be directed by Darrell J. Smith, San Diego City School physical education specialist. He will be aided in conducting the event by over 70 members of the Kiwanis Club of San Diego and by 30 Kiwanians from other clubs throughout San Diego County.

"The big field in this year's tournament, with the Iowa-San Diego State game as an important added event, is sure to make this one of the best-attended tournaments in the history of the event," Smith declared.

Meanwhile, Morris Nunez of 9221 Carthay Circle asked us to pass on to the Welfare group a quarter for charity use and also from Carthay Circle comes a communication that some court of law might consider libelous. It reads:

Sir:

Please cancel my subscription . . . which was solicited with the implied idea that a substantial part of the $3.50 would go to charity.

I do not consider less than 3% contribution to be as represented.

In other words I think you are guilty of fraud.

I will make my contribution directly to the Welfare organization.

Enclosed is 10c to cover the one copy that was delivered.

J. L. McMains
9245 Carthay Circle
Spring Valley

Editor's note: Our attorney suggests that among other things we should contribute your dime to welfare, too.

It should be pointed out that those participating in this campaign are not contributing to charity. They are subscribing to a publication which is in full value for the money they pay. The rate is $3.50 a year whether the contribution to the Welfare group is made in their names or not.

Another letter is from a Grand ave. resident. It reads:

Dear Sir:

You called me on the phone and I agreed to take the paper but my wife told me she already gets it.

Please disregard my subscription but here is $1 as a donation to the Welfare fund.

H. Schwerdtman,
1200 Grand Ave., S.V.

These funds will be added to the subscription money later this week and passed on to the ladies who run the Welfare Assn.

As usual, we ask that you watch for your name in this publication if you are subscribing for the benefit of the Welfare group.

The money obtained through our campaign helps supply funds and publicize the work being done by the Welfare Assn. Right now, funds are needed for toys for youngsters in unfortunate families who have a financial need. This This problem will grow more acute as the Campo rd. Thrift shop is closed. The building has been sold and the Welfare Assn. store will have to be removed.

The Welfare Assn. has operated two Thrift Shops in the Spring Valley area until now and has been the coordinating center for aid to needy families.

Canned goods collections are made in collaboration with Spring Valley schools each November. The clothing collection is made each October. Funds for staples during the year, and for toys at Christmas time comes from donations . . . one source being this subscription campaign.

It is pointed out that any wishing to make contributions direct may do so either through the Thrift stores at 3648 Campo rd. so long as it remains open, and at 1072 Gillespie dr. Contributions may also be made through this newspaper or through Harriet Allen at 469-5179.

St. John of Cross Steeple Burned Monday

A sneaky fire in the steeple of the St. John of the Cross Church in Lemon Grove smoldered undetected Monday night of this week and did $1,500 damage before Lemon Grove firemen arrived on the scene at about 10:30 p.m.

A passing motorist on Broadway saw a red glow in the steeple and reported it to the L.G. Fire Department. When firemen arrived, they saw nothing at first, according to Capt. Harry Alexander. Then a stream of sparks came out of the top of the steeple, and firemen knew something was burning.

Inside the steeple they discovered the smoldering fire in the top story. A hole had been burned in the floor and the wood in the walls had been charred.

The church building is valued at $315,000. No damage is visible from outside of the steeple, Capt. Alexander said.

Mrs. Peter Byrum of 3881 Shirlene pl., suffered third degree burns on her right hand Monday at about 5 p.m. when a hot frying pan of French fry grease caught fire, doing $240 damage to the kitchen.

Post Office Hours Listed

"Everybody at the L.G. Post Office is in high gear," Postmaster Frenchy Faucher said Wednesday as he reminded postal patrons that Saturday and Sunday service is available for the two week-ends remaining before Christmas.

"It's too late to ask patrons to mail early so we're extending the hours for them," he added.

The L.G. office will be open every week day except Saturdays and Sundays from 8 to 6. Saturday open hours will be 8 to 5:30. The money order window will close at 12 noon. Hours Sundays will be noon to 4. No money order service, however.

Mail will be delivered all day Dec. 24. Only parcel post and special delivery letters wil be delivered Christmas Day, he said.

Further advice offered by Faucher is to make sure your mailing list is up to date; use the 4c stamps on greeting cards; wrap parcels securely with sturdy packing and use complete addresses, including zone number.

V.L.M. Children To Present Christmas Shows On Dec. 18, 19

The Dec. 18 program will be presented by students of the afternoon kindergarten, 4th, 5th and 6th grades. On Dec. 19 the morning kindergarten, 1st, 2nd and 3rd grades will perform.

Buy Christmas 'Bargain' Merchandise At Your Own Peril

We are pleased to use the warning that reminds us that a Christmas shopper and his buck are quickly parted by sharpies . . . if he is unwary. The warning is issued by the Better Business Bureau.

Cecil Candler, general manager of the S.D. office has issued a timely bulletin regarding holiday season purchases. The general feeling of goodwill at this season of the year enables unscrupulous people to sell promises instead of merchandise.

One of the most vicious practices is the questionable charity appeal. Unordered merchandise, such as neckties, Christmas cards, license tags and other items are sent. In many cases the charity fund receives little benefit since most money collected pays salaries and other expenses.

"The public is under no obligation to pay for or return any unordered merchandise," Candler said. "Simply keep it for a reasonable time, and if it isn't called for, discard it."

Mail order advertising is sometimes misrepresented. The swindler in this business either doesn't deliver what he advertised, doesn't deliver on time, or simply doesn't deliver at all. If you don't know the reputation of the mail order house check the local Better Business Bureau, Candler advised.

Toys are in the spotlight at Christmas time and advertisements which promise much but deliver little or nothing are prevalent.

Some of the tricks of this trade include phony list prices. One gambit is to advertise a toy which is to have been advertised at $9.95, for example. In November or December it is being advertised price for only $2.95—a "saving" of $7.

"Actually," Candler said, "the swindler never expected to sell the toy for the $9.95, and he will be making money on the lower price."

Some schemers advertise "100 plastic cars or soldiers" at a seemingly fair price, but often the quality of the merchandise is so poor it doesn't survive mailing.

"One of the most popular get-rich-quick schemes," Candler said, "is the peddling of fancy bottled perfume," which sometimes uses the same name as a nationally-known perfume, or uses similar initials. Generally, the 'perfume' turns out to be either cologne or toilet water."

He added that fly-by-night photographers or magazine and book salesmen will also begin knocking on doors during the pre-holiday season.

The gift photograph is taken by the swindler, who collects a handsome deposit or full charge and never delivers the finished prints. Candler said the public should check the reputation of the photographer or magazine subscription agency before doing business.

At the holiday time of year, when most homeowners are planning to spruce up the yard, as well as give gifts of nursery plants or trees, the nursery swindler is in his glory.

Many times these mail order plants don't perform as advertised or arrive in such bad shape an expert surgeon couldn't save them, Candler warned.

"Each year, yuletide chiselers resort to the same old tricks, with a few new gimmicks," Candler said, "When in doubt about anything involving money, check first with the BBB."

The Better Business Bureau is located in the Spreckels bldg., San Diego.

L.G. School Trustees Call Over-ride Election For March

The Lemon Grove school board unanimously approved an over-ride tax election Monday night to raise approximately $95,000 more each year for operating the community's eight schools.

The election will be March 5.

Asked for will be permission to raise the present $1.65 tax rate to $1.99, an increase of 34c for each $100 assessed valuation on local property. Passage requires a simple majority.

Byron Netzley, school superintendent said the cost would be approximately $13.50 a year per resident.

The money would go to 13 items cut from the budget last year after a similar election failed in April and to adjust teachers' salaries. The board acknowledged that the two year lapse since the last raise was given has put this district that far behind comparable districts' wage schedules.

One of the important programs attached to the election is the summer school program. It was operated last year because of public demand. The funds came from dropping various budget accounts to a minimum. No such funds are available in this year's "austerity budget," Netzley said.

Less than a third of the increase would go to salaries, Netzley pointed out.

In other action the board approved a coming school year of 179 days. It will start Sept. 10 and close June 11.

The administrator was instructed to file for $75,000 federal impact money which is regularly budgeted.

A date was set for a trustee's election. It will be April 16. Bob Sjogren who started serving in 1959 and Ray Lange, 1957, will be up for re-election. Both men have said they would serve again.

A HOME FOR CHRISTMAS — It'll be a happier Christmas for a brood of puppies left in a Lemon Grove resident's trash to die because of the sharp ears of driver Clarence B. Jackson, above.

After a hard day of driving and collecting trash (he works for F. E. Thomas Co.) Clarence dug through many hundreds of pounds of trash packed in his truck when he heard the puppies whining.

Three of the four three-day old little creatures survived with Clarence expertly feeding them from an eye dropper. A neighbor begged one from him the day they were found. The other two are shown with Clarence.

Today, a week later, the pups are thriving, thank you.

BONJOUR — Third graders of Mrs. Altamura's volunteer French class test their language ability in French at Morse high school language lab. At Mrs. Altamura's right is Karen King and Kathy Sewell. She is adjusting the microphone for Terry Holum while Suzi Putnam and Terry Reinbold listen in. All are from Mt. Vernon school in Lemon Grove.

INSTEAD OF BUBBLE GUM AND ICE CREAM!

Mt. Vernon Third Graders Are French 'Whizz-Kids'

An enchanting class in conversational French for third and fourth graders at Mt. Vernon school, has parents . . . and educators, too, taking a second look at the extra-ordinary potential this voluntary project possesses.

Started last year by Mt. Vernon school teacher June Altamura and as an extra-curricular activity, now, little types have taken to the twice-a-week after-regular-school sessions with the same enthusiam ordinarily reserved for ice cream cones and bubble gum.

Mrs. Altamura, whose husband is the French teacher at San Diego's Morse high school, comes by her admiration for things French in a logical way. Although she had never taught French before, she majored in French at Western Michigan University; later attended a branch of the University of Paris at Sorbonne, and last summer attended summer school at Dijon, France. She met her husband, Nicholas, while at U. of Paris.

Few Drop Out

Mrs. Altamura's classes have practically no drop-out quotient. Of the 41 pupils who started when she initiated the school-after-school program, 40 are still in the class and the one drop-out was for cause other than that youngster's enthusiasm for the class.

"These youngsters show a lot of enthusiasm," she explained. "Their interest level is so high that it seems neither like teaching nor learning."

Actually, there is no reading or writing in this class. The pupils talk from a picture-type book which contains fewer than a dozen printed words.

"This type of training makes progress slow but since the project is a long-range one as well as voluntary, we can proceed at whatever pace we prefer."

Instruction To Be Continued

Mrs. Altamura, with the wholehearted consent of Mt. Vernon Principal Wiley Cornelius, will follow her third and fourth grade charges with after-school French as they are promoted from grade to grade for as long as their interest remains . . . "all the way to junior high school, if they want to keep learning French," she said.

Last week, as Christmas vacation neared, Mrs. Altamura took her 40 French students to the language laboratory at her husband's high school just beyond the boundary of Lemon Grove's school district. While most youngsters were home making peace with Santa, these boys and girls sat in booths, just as high school students do, listening to taped French conversations through individual ear phones, and speaking in French to the tape through a microphone.

Then the tape was played for all of them to hear and criticize . . . and the criticism was favorable.

"Bien Accompli," Mrs. Altamura said to her forty little "Frenchpeople," as they boarded a school bus for home.

He came to San Diego in 1931, served four years in the Navy and is now a commander in the Naval Reserve. He coached football at Sweetwater and St. Augustine high schools. He will tell the Men's Club about his experiences as a pro-game referee. The talk, extremely humorous has attracted favorable comment on several other occasions. He will follow his talk with answers to questions on the local park now being completed at Washington and Mt. Vernon.

The Club will meet at Michael's Friday at noon and all men are invited.

Daley and Bird

Work Started On S.V.-S.B. Freeway Link

Work was begun last week on the new Spring Valley-South Bay Freeway with County Supervisor David W. Bird, above, in attendance. The freeway, which will be constructed in Bird's District, will cover 4.8 miles and will cost 1.1 million dollars. Daley's Corps. bid of $1,142,738, was 7 percent below County engineers' estimate.

When completed, the freeway will form a link between Jamacha blvd. in Spring Valley and the Montgomery Freeway between Chula Vista and National City. Ultimately to be eight lanes, current plans call for four lanes with four more to be added when needed.

Contractor Donald Daley, shown with Bird above said that he expects the job to be completed in about a year, or 265 working days.

Bird pointed out that delays in the construction of the freeway had been brought about by various factors. One factor, he said, was the former policy of the Federal Government, which precluded the use of federal funds outside "urban areas." Counties could not do any work excepting outside cities. This has been changed, Bird said.

Also, Bird said, federal authorities require that all ultimate rights-of-way be purchased before federal funds may be used. In the acquisition of rights-of-way for this freeway, Bird indicated, the County of San Diego asked the State to contribute half the money, which it did.

UNVENTED GAS HEATERS CAN CARRY DEATH

As this is the time of year for cold weather, the San Diego Public Health Department warns that your gas heater should be checked by a qualified person. Be sure, the Department warns, the heater is operating properly and properly vented. Unvented heaters are very dangerous. They are also illegal. They carry death via carbon monoxide. Public health sanitarians are still finding them in this county, however, in buildings where the heaters have been installed after the buildings were inspected.

Capt. Stanley Mourning, Spring Valley fire marshall said that to his knowledge there have been no fires or deaths caused by faulty gas heaters in the Spring Valley area. He warns, however, that you should clean the lids and down inside the heaters to remove any dust. And most important, never hang clothes over a heater. That is an outstanding cause of fire, Capt. Mourning said.

GIGLIOTTI TELLS S.D. BANKERS

FREE GOVERNMENT'S FATE IN HANDS OF DEDICATED FEW

A Lemon Grove man told the American Institute of Banking that free government doesn't come easy. Dr. Frank Gigliotti, the final speaker of the six meeting series on "Hot Spots in Today's News" reminded the S.D. chapter of the organization recently that "a small group, dedicated and consecrated to free government is each generation's only assurance that free government will prevail."

Free government takes many forms, he said. "It must be adapted to every people based on its ability to handle it," he added.

The meetings were held at the Title Insurance Co., 2nd and A streets, S.D.

Lois Krueger, press chairman for the group reported that Dr. Gigliotti, who came to the Lemon Grove area in 1900, and who at the age of 10, helped his widowed mother in the coal fields in Pennsylvania was soon orphaned, with no relatives in a strange land. This made him an independent immigrant boy who decided to go West. The Sioux of South Dakota took him in and treated him as their own. This kindness was never forgotten. When the Social Security Act was written, the Indians were left out, but after years of effort, Gigliotti secured the benefits of Social Security for them. Gigliotti was a decorated war hero, jockey, pastor; confidant of Presidents; State Relief Commissioner, author and a man of mystery. To La Mesans, a friendly neighbor, an ardent farmer, a staunch Defender of Democracy and those Freedoms men live by. . .and die for.

Edgemoor Hospital Auxiliary Preparing For Yule Observance

The Edgemoor Geriatric Hospital Auxiliary at Santee is busier than usual endeavoring to make the Holidays brighter for the hospital's more than 500 patients.

The Pink Ladies began their Christmas project several weeks ago and through individual patient interviews have compiled what is probably the county's longest letter to Santa. To answer this letter, the Auxiliary must depend upon the generosity of sponsoring members and other charitable groups or individuals.

Among gifts most requested and least frequently donated are shampoo, deodorant, lipstick, cotton nighties, cotton or flannel pajamas, snap-on suspenders, sport shirts and cigarettes. Interested organizations or individuals may secure a complete list of suggested gift items by contacting the auxiliary office at Edgemoor Geriatric hospital or Mrs. B. E. Polak of Lakeside, Christmas chairman.

Mrs. Eugene V. Bolton, auxiliary president, stated that a full program of entertainment for the Yuletide season including carolling, parties and special "away from the hospital" parties has been arranged. The highlight of the activitiy will be Santa's arrival on Christmas morning and the distribution of specially-selected, individually-wrapped and personally-addressed gifts to each of the patients.

GARY KUHLE OF LA MESA was hospitalized for seven days after German Shepherd dogs belonging to a La Mesa doctor mauled him near Lemon Avenue School. The current rabies scare in San Diego County made the incident a near horror for his family. He is shown here resting at home after release from the hospital.

County's Rabies Problem Becomes A Local Threat

A Spring Valley boy, 15 is undergoing the Pasteur treatment for rabies after getting bitten Nov. 20 near Bancroft Elementary School by a stray dog.

He is Charles Perez, son of Mr. and Mrs. Pedro Perez of 2106 Ildica ct., S. V., who described the attacking dog as a "mixed Boxer type witnout a collar or license." The dog's fangs punctured the boy's skin on his left foot by the ankle.

Charles Perez

This dog attack follows that which occurred in La Mesa more than a month ago when Gary Kuhle, 8 was severely bitten by two big German Shepherd dogs belonging to a La Mesa doctor. Gary is the son of Mr. and Mrs. Karl Kuhle of 9930 Alto dr. (just north of Spring Valley). It was reported that the youth had to be hospitalized for seven days. He received between 30-40 stitches but is back at Lemon Avenue School now.

The dogs which attacked him, although vicious were not rabid.

The day before Charlees Perez was scared and bitten by the Boxer-like dog, his bother Danny was bitten by a German Shepherd dog. The bite didn't pierce the skin and the dog was found and quarantined. It was not reported whether or not it was rabid.

Because the Boxer-like dog can't be found, Charles is having to undergo the series of inoculations known as the Pasteur treatment for prevention of rabies.

Charles, a student at Mt. Miguel High suffered no ill effects from the bite.

Dr. E. R. Quartrup, Inspector for the Animal Control Department of San Diego County said that the law forbids unleashed dogs to be off the property of their owners. Dogs on the loose are being regularly picked up and often exterminated, he said.

Dr. Quortrup urged dog owners to get their pets vaccinated against rabies immediately.

NEW BOOK ON BIBLE'S BATTLES EASY TO READ

by Max Goodwin

Edward Longstreth, a personable La Jolla civic and cultural leader, has written a book about military clashes in the Old Testament.

As we were in the midst of reading "Decisive Battle of the Bible" we talked about it with Longstreth, the author, and to Dr. Jordan Detzer, minister of the L.G. Methodist church.

Dr. Detzer last year visited the Holy Lands, the area Longstreth describes so vividly in his book. And these impressions, Dr. Detzer said are intelligently honest. Longstreth's account of more than a dozen military engagements make interesting reading and carries none of the pedantic obscurations normally associated with biblical studies.

His writings are lively, much in the fashion of a news reporter relating a historic event. Longstreth likens the foothills of the Judean highlands, terrain over which some of the battles were fought to the countryside, to the area between Spring Valley and Jacumba. The Dead Sea area is similar to the Salton Sea area. The high passes through which the battlers fought are like the passes autoists cross as they travel east on Highway 80, he said.

He also added many other observations about the likeness that exists between San Diego county and the Bible's battlegrounds. While "Decisive Battles of the Bible" is as comprehensive as any Bible student would wish for, there is much more that Longstreth could tell about the San Diego-Holy Lands similarity that would be interesting only to those of us who live hereabout.

For historical value, and for pleasant reading, and for comparing the Bible battlegrounds with the S.D. countryside, we heartily recommend the reading of "Decisive Battle of the Bible" for the excitement the reader will find as he turns the pages.

TWO FOREIGN EXCHANGE students are attending Monte Vista High school this year. Shaking hand on campus are Si Abderhamane Arab (left) of Algeria and Andrew Quemel of the Philippines.

Foreign Boys Studying At Monte Vista High

Monte Vista High School is proud to have welcomed two foreign exchange students this year. Visiting from Algeria is Si Abderhamane Arab, and from the Philippines is Andrew Quemel. Si Adberhamane is staying with the Woodrow Fritz family, 3307 Helix dr., S.V. Andrew is residing with the Floyd B. Breedloves, 9177 Hillside dr., S.V.

"Abder," as everyone calls him lived in Algiers until his family moved to Kalydia County. Abder's biggest surprise in America was the school hours. In Algeria he went to school from eight a.m. to twelve noon, then home to sleep, and returned to school from five p.m. to eight p.m..

Leaves Baggage

Beginning his trip to the United States, Abder went to Marseilles and then to Paris. Finally he reached Madrid, where he left all his luggage, and didn't see any of it until a week after his arrival in San Diego.

Abder says his first impression of the United States was "huge, everything huge, the buildings, cars, and everything."

Abder hopes someday to become a doctor in Algeria; that is why he is taking biology at Monte Vista.

Recently, Abder spoke to Monte Vista's French II and III classes, in French.

Vacation Begins Stay

Andy Quemel of the Philiippines began his stay with the Breedloves by vacationing with them at Mammoth Lake, Lake Mary, Lake Tahoe and in San Francisco. Andy was thrilled when he handled snow, which is non-existent in the Philippines.

Andy also hopes to become a doctor, and, if possible, to study in the United States. His classes at Monte Vista include speech, U.S. History, physical education, civics, chemistry, and English. In Philippine schools, English is spoken most of the time. Classes are assigned by grade level and students remain in one classroom all day. The schools aren't co-educational.

Andy's senior year in the Philippines was spent at St. Andrews School where he was Senior Class President, and managing editor of the school paper.

Andy comes from a family of six girls and five boys. The eldest is nineteen, and the youngest, whom Andy has not yet seen, is one month.

Andy will leave Monte Vista in June for a fast tour of the United States, after which he will leave New York for home.

CHARTER BUS SERVICE EXPANDED

California Bus Tours, a new division of the S.D. Transit System, has been expanded here to meet the increasing demand of county organizations who are chartering buses for group travel, according to Jim Haugh, Transit veep and general manager.

"Our charter bus business has grown from a 1953 gross of $20,000 to over $200,000 in 1961," Haugh said. "There has been a 11 per cent increase through Sept. of this year over the same period in 1961. Sept. was up 20 per cent over the same month a year ago."

The new division was formed to offer a more complete service to the many social, service, fraternal, business and religious groups in the county.

Tours of Adventure, a series of one-day bus tours, have been prepared for groups desiring the adventure of discovering the many interesting and historic Southern California attractions. Additional tours of longer duration are being developed.

March Of Dimes Readies Mailing To 300,000

One of the largest mailings now being prepared for distribution throughout San Diego County isn't someone's special Christmas list.

More than 300,000 appeals for contributions to the January March of Dimes campaign now are being stuffed, sealed, zoned and packaged by a battery of volunteers.

Unlike some who have not yet started on a Christmas list, these women have been at this mammoth task since last July. Their job will be completed December 26 when the last sack of appeals is delivered to the post office in downtown San Diego.

Volunteer work is being carried on under the direction of Mrs. Sylvia Bard—a project she started more than a decade ago and never completed. Mrs. Bard knows well the distress wrought by polio. A member of her family was a victim.

March of Dimes County Campaign Chairman Helen R. Cobb said the National Foundation, which sponsors the March of Dimes, is celebrating its 25th year of service to humanity.

With polio now under control, the March of Dimes is seeking to conquer two other major cripplers, namely arthritis and birth defects.

Mrs. Cobb, San Diego city councilwoman, said treatment is being provided for victims of these diseases through a network of 50 medical centers throughout the country.

H.S. Trustees Hold Back On Santee School Due TO State Repayment

Grossmont school trustees came face-to-face with the fact Monday night that they are operating an economically inflexible high school district.

The problem: How to cope with a growing school population with a facility painfully needed in the Santee area, at the district's periphery, and at the same time get the whole sprawling district to bond itself to its capacity for the purpose of building the facility.

Further complication is a state debt which will have to be repaid when a new bond issue is set. Example: a $2,250,000 high school would require an issue of $3,282,000 with the excess needed to repay prior state loans which now total about $4 millions.

For these reasons the board Monday night decided to defer until March action on needed facilities. A motion to defer it a year was turned down.

Meanwhile, administrators saw double sessions by 1964 at El Capitan if a school were not provided at Santee to house a boomink school population.
